WHERE BUSINESS MEETS HEALTH CARE.

The Master in Health Administration program has a curriculum designed to provide students with the management, decision making and process improvement skills necessary to succeed. Gain awareness of current key health care industry concepts and dynamics, including complex issues in management and policy.

The program prepares students to lead as administrators of health care systems, physician groups, insurance companies, medical device companies and health care facilities in addition to public service, consulting, the pharmaceutical industry or in health policy organizations.

- 40 credits. Completed in 18 months.
- Weekly classes.
- Flexible schedule.
- Includes an internship and a capstone experience.
- No professional experience required.
BUILD A NETWORK OF OPPORTUNITIES.

The Master in Health Administration program connects you with a diverse group of peers from a wide variety of backgrounds with one unifying quality — a passion for health care and a desire to lead. Make connections that’ll help you advance in your career and make a difference in the industry.
