DAVID LAIBSON is the Robert I. Goldman Professor of Economics at Harvard University and leads the University’s Foundations of Human Behavior Initiative. He serves as a member of the Board of the Russell Sage Foundation, Harvard’s Pension Investment Committee, as well as the Social Science Genetics Association Consortium. Laibson researches in behavioral economics, with a focus on household finance, macroeconomics, aging, and intertemporal choice. Previously, Laibson served as the Chair of the Department of Economics at Harvard University and was part of the Academic Research Council of the Consumer Financial Protection Bureau.

Currently, as a member of the National Bureau of Economic Research, Laibson directs the National Institute of Aging Royalb Center for Behavior Change in Health and Savings and is a Research Associate in the Aging, Asset Pricing, and Economic Fluctuations Working Groups. Laibson, a recipient of a Marshall Scholarship, is a Fellow of the Econometric Society and the American Academy of Arts and Sciences. He has received the TIAA-CREF Paul A. Samuelson Award for Outstanding Scholarly Writing on Lifelong Financial Security twice.

Laibson received his PhD in Economics from the Massachusetts Institute of Technology in 1994. He received his AB in Economics, Summa from Harvard University, and his MSc in Econometrics and Mathematical Economics from the London School of Economics. He started teaching at Harvard University since receiving his PhD and has been awarded Harvard’s ΦΒΚ Prize and a Harvard College Professorship.
